QUALITY ASSURED

Durable Wood Plastic Composite (WPC) Landscape Edging Solutions

APR manufactures a wide range of attractive, long lasting and easy to install WPC edging profiles specially formulated to withstand harsh outdoor conditions.

APR landscape edging is **made in Australia from locally sourced recycled materials** (kerbside plastic and post-industrial wood waste) and is ideal for:

- ✓ Playground Borders
- ✓ Garden Edging
- ✓ Footpaths
- ✓ Earth Steps
- ✓ Sand Boxes
- ✓ Tree Surrounds
- ✓ Raised Garden Beds

APR WPC is a **sustainable timber and steel alternative** with the following advantages:

Water Resistant

No rot, rust or mould. Ideal for marine and wetland environments.

Low Maintenance

No painting, oiling, staining or ongoing treatment costs.

Design Flexibility

Some profiles can be curved to suit your landscape. Our dual purpose playground edging has a unique capping feature which can also serve as a seat.

Environmentally Friendly

Toxic free – no harsh chemicals leaching into the soil.

Child Safe

User friendly smooth surface; no sharp edges or splinters.
